

A Tour of the Dead Sea, Ein Gedi and Masada

We will embark on an enchanted desert tour to the lowest point on Earth, the Dead Sea. During the drive south, along the western coast of the Dead Sea, we will recount the wonder of the Dead Sea, how it was created and what its level of salinity is, and what its impact on industry and tourism is.

Kaser El Yehud

We will start with visiting the historical site where Jesus was baptized, a place of historical magic and meaning.

You will be able to dip in the water and take some home from the local gift shop.

We will reach Masada National Park and ride the funicular 400 meters to the top. At a breathtaking view overlooking the Jordan Mountains and the Dead Sea, we will go back in time and tell the story of the ancient Herodian kingdom and the great revolt that occurred here. We will walk along the mountaintop, tour the area, and see impressive archeological findings from the Second Temple period – the royal palace, the wall, the ritual baths, an ancient house and storehouse used by the impressive kingdom, and we will hear stories of bravery, determination, and tragedy, commemorated by the phrase-
"Masada shall never fall again"
