2. **Financial Report**

- Amount of dues per member: Member: $60; Student: $10 (starting in 2012)
- Fund balance as of last annual report: $265,275 (includes $225,000 investment acct)
- Total income: $15,865
- Total expenditure: $31,850
- Current fund balance (as of 10/17/11): $249,290 (includes $225,000 investment acct)

3. **Membership Report** *(as of [date]) (To be completed by AADR Global Headquarters)*

- Full members:
- Retired members:
- Student members:

4. **Prior and Planned Activities for 2011 – 2012**

See attached
Summary of 2010 – 2011 activities

In 2010 – 2011 CADR engaged in the following activities:

- CADR awarded 6 CADR-IMHA Student Research Awards in 2010. All six of the winners attended the IADR/AADR/CADR meeting in San Diego, California.

  The 6 winners presenting their research at the meeting were:
  Renee Wang, McGill University – 1st place in the Junior category and Hatton competitor
  Leila Mohazab, University of British Columbia – 2nd place in the Junior category
  Guy Aboodi – 1st place in the Senior Clinical Category and Hatton competitor
  Betty Daniels, University of New Brunswick – 2nd place in the Senior Clinical Category
  Valerie Tom-Kun Yamagishi – 1st place in the Senior Basic Science Category
  Reza Termei – 2nd place in the Senior Basic Science Category

  Trainees working in dental and oral health research in Canada applied for a CADR-IMHA Student Research Award by submitting a manuscript describing their studies. The competition was judged and winners selected by a panel of leading oral health researchers from across Canada.

- The CADR-Quintessence-ACFD Visiting Professorship is in its third year and Dr. Walter Siqueira was selected as the winner in 2010. Dr. Siqueira conducts his research at the University of Western Ontario in the Schulich School of Medicine & Dentistry. He will visit the University of Manitoba to share his research regarding salivary proteins, present a seminar and meet faculty and students. The Visiting Professorship provides an excellent opportunity for recently appointed oral health research faculty to visit universities anywhere within Canada and engage in discussions on possible collaborative projects or technical exchanges.

- CADR continued its discussions with the American Association for Dental Research (AADR) and Mexican Association for Dental Research (MADR) regarding the establishment of the new North-American Region (NAR). CADR appointed its first representative, Dr. Edwin Yen from the University of British Columbia, to the North-American Region; he also became the inaugural NAR Regional Board Member on the IADR Global Board of Directors for the 2011 – 2014 term.

- With IADR’s help, CADR introduced the new Institutional Membership category, primarily geared towards Canadian Educational institutions. There are three different levels under which institutions can join as CADR Institutional Members and they will receive the same benefits as IADR Institutional Members.

- CADR actively contributed to the organization and success of the IADR/AADR/CADR meeting in San Diego in March 2011 and held a well-attended Annual General Meeting and Reception for its members.

- Two new members took up their positions at the CADR AGM in March 2011. Dr. Michael Glogauer from the University of Toronto was elected as Vice-President for the 2011 – 2013 term. Dr. Walter Siqueira from the University of Western Ontario was elected as Councilor-at-Large for the 2011 – 2013 term. Dr. Debora Matthews became the President of CADR and Dr. Ed Putnins stepped into the immediate Past-President role.

- CADR continued its discussions with the Institute of Musculoskeletal Health (IMHA) and Canadian Institutes of Health Research (CIHR) to ensure that oral health research remains a priority in their funding plans. CADR promoted the visibility of oral health research by providing a presentation about the state of Canadian oral health research at the Canadian Dental Association’s Annual meeting in April 2011 in Ottawa. CADR also actively participated in a strategic retreat organized by the Association of Canadian Faculties of Dentistry (ACFD) with the Associate Deans – Research to discuss potential collaborations in establishing special funding programs that would be open to oral health research initiatives.
CADR’s priorities and planned activities for 2011–2012 are:

- Provide leadership in the coordination of an application for the recently announced CIHR Network Catalyst Grant program to develop a network for oral health researchers in Canada.

- Continue to work with IMHA and CIHR to ensure that oral health research remains a priority in their funding plans.

- Actively promote institutional membership to educational institutions in Canada and pursue partnerships and sponsorship opportunities with industry partners and government agencies.

- Promote membership in CADR/IADR among Canadian oral health researchers, undergraduate and postgraduate dental students.

- Revitalize the CADR Student Research Group and provide guidance and organizational support for their activities.

- Continue to work with IADR and AADR to plan a successful AADR/CADR meeting in Tampa, Florida in March 2012 and an IADR meeting in June 2012 in Rio de Janeiro.

- Continue discussions with AADR and MADR to finalize the Constitution and By-Laws for the North-American Region, and work with the American and Mexican Divisions on a North-American Regional Memorandum of Agreement.

- Pursue collaborations within the North-American Region and provide leadership in the organization of a potential IADR Regional Development application.

- Continue to work with IADR on issues of mutual interest.
