What is the date and location of your 2016 and/or 2017 meeting (if applicable)?
March 17, 2016 - Los Angeles, California, USA
March 23, 2017 - San Francisco, California, USA

Please indicate the time of year your annual officer election is held. Is your election held in person or electronically?
January - February via electronic voting

Prior and Planned Activities for 2016 – 2017
See attached
In 2015 – 2016 CADR engaged in the following activities:

- In 2015, CADR partnered again with the Network for Oral Health Research (NCOHR) to offer the CADR-NCOHR Student Research Awards. As part of this initiative, five CADR-NCOHR Student Research Awards were given out in 2015. Three of the winners attended the AADR/CADR meeting in Los Angeles, California and two students were invited to represent Canada at the Hatton award competitions in Seoul, Republic of Korea in June 2016. Gazelle Crasto from the University of Toronto won 1st place in the Hatton Award competition, in the Senior Basic Science category. Trainees working in dental and oral health research in Canada applied for a CADR Student Research Award by submitting a manuscript describing their studies. The competition was judged by a panel of leading oral health researchers from across Canada.

  The names of the award winners were:
  Gazelle Crasto - University of Toronto (Hatton competitor)
  Omar Alageel – McGill University (Hatton competitor)
  Gursonika Binepal – University of Toronto
  Dan Romanyk – University of Alberta
  Wahid Muizz, - University of British Columbia

- In 2015, CADR had the privilege to select the 2016 Norton Ross Fellowship recipient. Jordan Cheng from the University of British Columbia was nominated by CADR and selected by the IADR Board to visit the University of California, Los Angeles (UCLA) to enhance his skills on the area of proteomics.

- CADR continued its efforts to retain and recruit members for its Institutional Membership category, primarily geared towards Canadian Educational institutions. In 2015 seven institutions – University of Alberta, University of British Columbia, Dalhousie University, University of Manitoba, University of Montreal, University of Toronto, Western University - joined under this category.

- CADR actively contributed to the organization and success of the AADR/CADR meeting in Los Angeles, California in March 2016 and held a well-attended Annual General Meeting and Reception for its members at the meeting.

- CADR continued its negotiations with AADR regarding the revenue sharing arrangements for the 2019 IADR General Session which will be held in Vancouver, BC, Canada in June of that year. A successful agreement was reached to both parties’ satisfaction.

- Elections were conducted in February 2016 and Dr. Elham Emami from the University of Montreal was elected as Councilor-at-Large for the 2016-2018 term. The CADR Executive also appointed a new Secretary-Treasurer, Dr. Fernanda Almeida from the University of British Columbia, for the 2016 – 2019 term.

- CADR continued its discussions with the Institute of Musculoskeletal Health (IMHA) and Canadian Institutes of Health Research (CIHR) to ensure that oral health research remains a priority in their funding plans. The Executive received regular updates from Dr. Jeff Dixon, a long-term CADR member, and a member of the Institute Advisory Board (IAB) of IMHA, about new initiatives and funding opportunities.

- CADR promoted the visibility of oral health research in Canada by providing written reports for the Canadian Dental Association (CDA) Annual General meeting in April 2016 and for the annual meeting of the Association for Canadian Faculties of Dentistry (ACFD) held in June 2016.
CADR’s priorities and planned activities for 2016–2017 are:

- Continue to work with IMHA and CIHR to ensure that oral health research remains a priority in their funding plans.
- Actively promote institutional membership to educational institutions in Canada and pursue partnerships and sponsorship opportunities with industry partners and government agencies.
- Pursue alignment and tangible collaborations with the Network for Canadian Oral Health Research (NCOHR).
- Promote membership in CADR/IADR among Canadian oral health researchers, undergraduate and postgraduate dental students.
- Elect a new Vice-President and a Councilor-at-Large for the 2017–2019 term.
- Continue to work with IADR and AADR to plan a successful IADR/AADR/CADR meeting in March 2017 in San Francisco, California.
- Continue discussions with IADR/AADR about the organization of the upcoming IADR meeting in Vancouver, BC, Canada in June 2019.
- Pursue collaborations within the North-American Region (NAR) and provide leadership in the organization of any potential IADR Regional Development applications.
- Continue to work with IADR on issues of mutual interest.
