for Dental Research

LIBYAN SECTION

BITESIZE III

After the unprecedented number of case reports presented -in the previous versions of the LADR Meetings for Case Report, this year we offer the opportunity for all Libyan dentists to showcase their clinical and diagnostic skills by presenting their cases at Bite-Size 3.

A new category of poster presentations has been introduced which will provide a platform for young dentists to practice presenting and sharing their views with the audience and to discuss and receive feedback from senior clinicians and experts

SUBMISSION GUIDELINES:

- The abstract should include complete details of the presenter, no less than 200 words summary of the case as follows:
 - Title of the case does not include "a case report"
 - Authors' names and affiliations
 - Background
 - Case presentation (History, Investigations, procedures, diagnosis, treatment, or Outcome and follow-up)
 - Discussion
- Submission is open to all dentists and teaching staff.
- Must be able to attend and present at the conference
- Obtained written or verbal consent from the patient.
- The case should have :
 - A diagnostic or management challenge, or
 - Rare conditions.
 - A new clinical procedure or technique.
 - Multidisciplinary approach to management.
