

The Masticator

Official Newsletter of the IADR Neuroscience Group

Vol 18, No 1, May 2022

Dear Colleagues and Friends,

We hope you and your loved ones are healthy and safe in this challenging period. As you may know, the 2022 IADR/APR General Session & Exhibition will be a virtual experience, increasing the accessibility to people worldwide considering the current pandemic scenario.

This newsletter will update our members about the latest group activities and our program for the next General Session. We have many exciting activities planned for 2022. Please save the date and stay tuned to the meeting website for more information on the schedule!

Please note that all Session times are in China standard time (UTC+8)!

JUNE 20-25, 2022
Virtual Scientific Sessions & Workshops

The banner features a light blue background on the left with white text, and a colorful abstract graphic on the right consisting of overlapping geometric shapes in shades of blue, purple, and orange, resembling a stylized sunburst or fan.

Sponsored Symposia

1. “Neuronal Soluble Factors as Key Messengers in Orofacial Pain Pathology” Organizers: Yoshizo Matsuka (Tokushima University, Japan)

Co-Sponsored Symposia

1. “Brief DC/TMD: Axis I, Axis II, and Implementation in General Dentistry”

Organizers: Per Alstergren (Malmo University, Sweden)

(Co-sponsored by International Network for Orofacial Pain and Related Disorders Methodology)

2. “Chewing Over Bruxism”

Organizer: Daniele Manfredini (University of Siena, Italy); Frank Lobbezoo (ACTA - University of Amsterdam, Netherlands)

(Co-sponsored by International Network for Orofacial Pain and Related Disorders Methodology)

Our Neuroscience Research Group Business Meeting will be held virtually:

Date: Thursday 6/16/2022

Start time: 8:00 AM (EDT)

(8:00 PM 6/16/2022 CST (UTC+8))

Also, our program features the 2022 “IADR NEUROSCIENCE GROUP INVESTIGATOR AWARDS” Poster Competition. These awards recognize the selected best research presentations by the pre-doctoral students and post-doctoral fellows. The awards are granted in collaboration with Wiley-Blackwell and the Journal of Oral Rehabilitation.
